Fairfield County Welcomes Senior Living Facility

Lancaster, Ohio – Fairfield County will soon be home to an 81-unit, 78,000-square-foot residential care facility for senior living to be located in the development formerly known as Timber Top along North Columbus Street in Lancaster.

Lemmon Development has started construction on the facility which will offer independent living, assisted living, and memory care services, and expects the project to be completed in the first half of 2025. Lemmon Development has specialized in property development projects across Ohio for over 40 years and has completed senior living campuses in Hudson and Danbury, Ohio.

“As our community growth continues, the need for housing, particularly for older adults, continues to grow as well,” said Rick Szabrak, Economic Development Director for Fairfield County. “This project will provide
