Fairfield County to Host Annual Economic Update

Lancaster, Ohio – Nearly two hundred community members, business leaders, and elected officials are expected to gather at the Fairfield County Workforce Center, 4465 Coonpath Rd., NW, in Carroll, OH, on December 13 for the Annual Economic Update.

The event, which will begin with registration and breakfast at 8:30 a.m., is an opportunity for stakeholders and community members to commune to not only hear about the accomplishments and growth that has taken place in the county throughout the past year but to discuss and prepare for the inevitable changes to come.

This year attendees will hear from Jason Jolley, Associate Vice President for Research Partnerships at Ohio University and Professor of Rural Economic Development. Jolley will explore key insights into our county's economic growth, shifting demographics, and their impact on jobs, housing, and community development.

“Together with the Pickerington, Canal Winchester, and Lancaster Fairfield Chambers of Commerce, we look forward to bringing the community up to speed with the latest economic developments in the region,” said Rick Szabrak, Fairfield County Economic and Workforce Development Director. “We also benefit, in turn, by having amazing thought leaders and business pioneers come together for a morning of networking and development.”

The Economic Update is open to the public. Additional information may be obtained by calling 740.652.7162.
